Out-of-this-World Games

On the planet Squiddle, Squiddlians compete in the games Standing Roo and Skitt.

Use the Squiddlians’ scoreboard to answer the questions.

1. By how many bleems did the Novas win the Standing Roo? What team was second?

2. What is the difference between the highest and lowest total score in the Standing Roo?

3. The Standing Roo is played in four thurps. What is our equivalent to a thurp? What are some sports we could measure in thurps?

4. In what thurp were the most Standing Roo points scored? the least?

5. What team won the Skitt? By how much?

6. What do you think the main difference is between the Standing Roo and the Skitt? How do you know?
